What could be a useful intervention(s)?

*discuss with your neighbor for 5 minutes
(and write them down)*

Holistic Security Project

Aim: Build & strengthen local security resources

5 countries / local implementing partners / 120 HRDs & CSOs / 20 ToTs

Thematic Focus:

- **Physical security:** Training on how to assess physical risks and develop preventive strategies.
- **Digital security:** Creating awareness for the variety of digital threats and how to protect your communication and data.
- **Psycho-social security:** Speak about the psycho-social impacts of fear and anxiety on human's wellbeing and develop strategies to build resilience.
